

# THE COST OF HACKING

The Hackspace is funded by your membership subscriptions & donations.  
Expanding into Laboratory 23 has increased our costs significantly.  
This is a problem.

## HOW YOU CAN HELP

- ★ If you're a member, increase your subscription by £7 a month. If everyone did this we'd be in the black.
- ★ Tell your friends about the Hackspace and encourage them to join.
- ★ Sell a kidney. You've got another one.
- ★ Volunteer to run a workshop on your area of expertise.
- ★ If you're not a member, sign up. You'll get 24/7 access to the Hackspace, a storage box for your projects, and warm fuzzy feelings. Pay what you like – £20 per month is recommended, but £5 per month is the minimum.
- ★ Let us know if there's something you'd like added to or changed in the Hackspace that would convince you to contribute more each month.

★ DONATE EARLY ★ DONATE OFTEN ★  
★ JOIN THE HACKSPACE TODAY ★
